

## Unite your co-workers thanks to digital signage

Digital signage is a **communication tool** which allows you to **broadcast videos or in real time updated content** (weather, news, social networks...) on screens.

Whether they be for your visitors or co-workers, digital signage screens allow you to welcome and to inform, and in so doing convey a dynamic image of your company.

### Inform

the entire company of objectives, results and developments and improve your co-workers' efficiency

### Modernise

your brand image and digitalise your company thanks to **CityMeo**

### Welcome

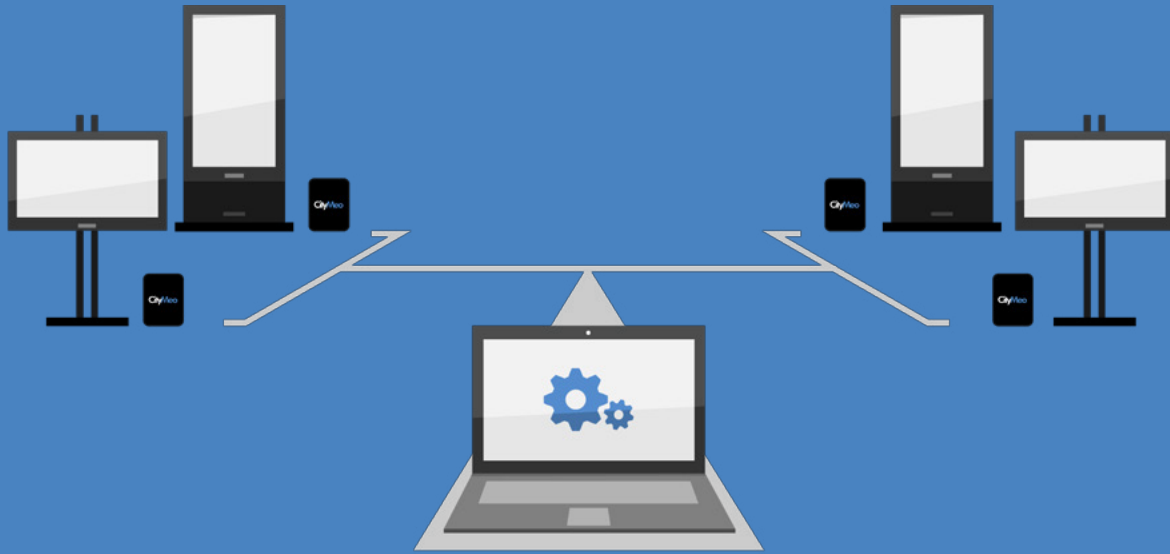

your visitors by broadcasting the company's news and by conveying your values

Thanks to CityMeo, we can synchronise the communication of all our branches in terms of messaging and marketing

# Manage your screens from a distance, with ease!

## Quick

Broadcast all your images, videos and documents in but a few moments, limitlessly

## Powerful

Create custom content in your image, with ease

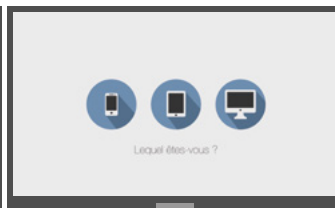

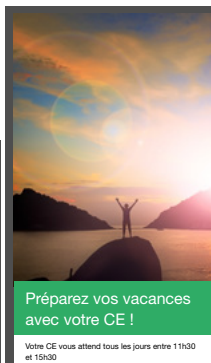

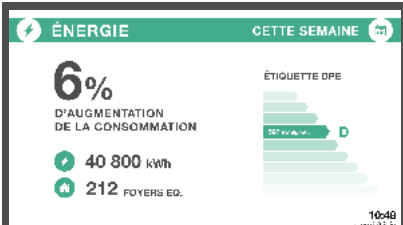

## Complete

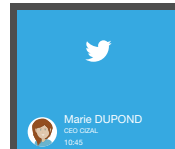

Enrich your screens thanks to automatically updated content

**POUR PLUS D'EFFICACITÉ**  
Synchronisez votre agenda sur appareils mobiles avant vos déplacements
